## REMOTE FLY-IN FISHING AT ITS BEST

Cree River Lodge, located in the far reaches of unspoiled northern Saskatchewan, features some of the best northern pike and walleye fishing in the world. We know that is a bold statement. We also know it is true.

Most Canadian lodges boast the occasional northern pike in the 40-inch range. Cree River Lodge all but guarantees you'll have a chance at multiple 40-inchers, with a real possibility of battling giant pike more than 45 inches long and perhaps even catching a big brute of the coveted 50-inch class.

Walleye in the 2- to 5-pound range are abundant and easily caught on simple tackle. We have some of the best walleye fishing in all of Saskatchewan, especially during the summer months.

And for a true north-country fishing experience, Arctic grayling, the "high-spirited leapers", are a short boat ride from the lodge. Fly-out day trips to one of our four outpost lakes are also available, providing access to virtually virgin trophy lakes teeming with lake trout, pike and walleye.

Whether fly-fishing, using conventional tackle, or both, you are in for some of the most exciting fishing you've ever experienced.

## EXTRAORDINARY GETAWAY POSSIBILITIES

Cree River Lodge provides an extraordinary experience in remote northern Saskatchewan for individuals, families or groups. Business or pleasure, we can accommodate you or your group, small or large, so you can unplug from daily life amid some of nature's most spectacular wildlife and scenery.

## TESTIMONIALS

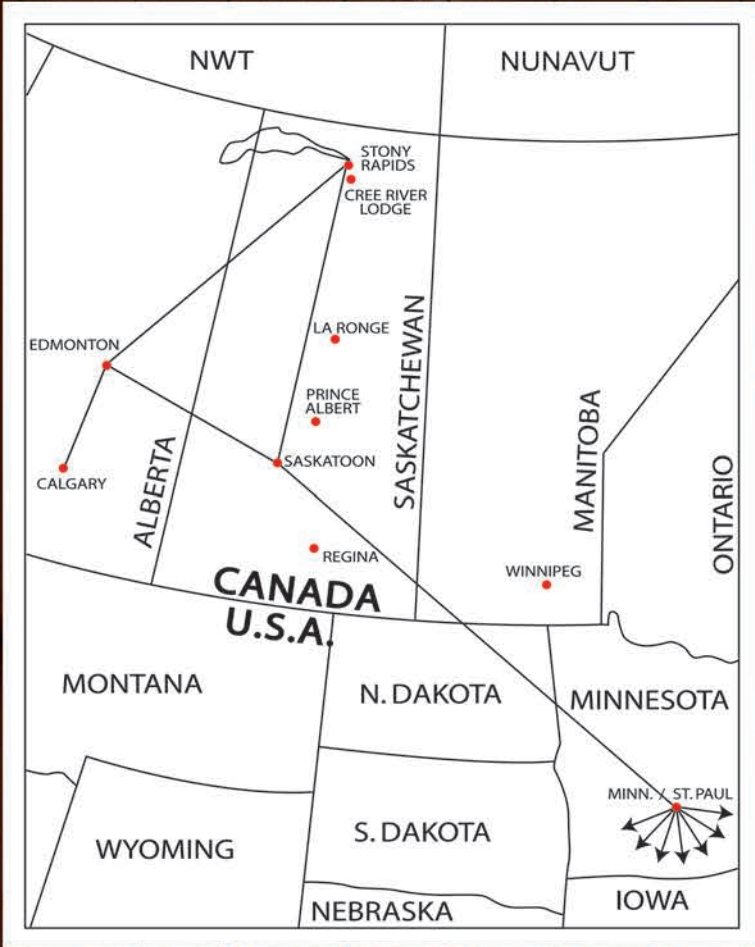

"Cree River Lodge is a truly outstanding destination for giant pike! In the vast river system there, you can catch huge 'gators in weedy backwaters, rocky river sections, and in wide-open lakes—loads of pike over 40 inches, with some pushing 50! If you get worn out by these monsters, take a break with a hot walleye bite, with most fish over 17 inches and some close to 30 inches. Finally, big grayling are waiting for the right spinner or fly pattern in the fastest river sections. The guides and accommodations are awesome, too!"  
- Steve Quinn, Senior Editor In-Fisherman Magazine

"I have been in outdoor media industry for 11 years, and in that time I've been able to travel to some amazing places to fish. But I can say that of all the incredible locations I've visited, none has stuck with me more than Cree River Lodge. I have an insatiable passion for pike on the fly, and I truly don't believe any experience will ever top the fishing at Cree River. It was as close to paradise for a guy in love with toothy fish on the fly as you can get. If I could visit every year, I would." - Joe Cermele, Fishing Editor, Field & Stream
